FOR CHANGE

Dear Peter,

If there were any doubt left that Mitt Romney is completely beholden to the Tea Party extremists and would govern accordingly, just look who he picked as his Vice-Presidential running mate.

Also known as The Medicare Mangler. The Safety Net Shredder. The Badger State Benefit Bandit. That's right: Wisconsin Congressman Paul Ryan, the architect of the radical Republican budget plan that is the Roadmap to Middle-Class Extinction -- and now Mitt Romney owns every word of it.

Romney has said before he's "on the same page and verse" with the Ryan budget, but now with Ryan himself on the ticket, he's Art Garfunkel to Ryan's Paul Simon, singing in perfect harmony about their terrifying vision for the future of the country.

[Will you sign our petition pledging to fight the radical Romney-Ryan Vision for America and pass along to 5 friends?](#)

The Romney-Ryan budget was written by and for Wall Street, polluting billionaires, and corporate America. It punishes seniors with \$6,000 in higher out-of-pocket costs and less care by privatizing and ending Medicare as we know it. It leaves 48 million Americans uninsured, including millions of seniors in nursing homes under Medicaid. It leaves disadvantaged children hungry and without coverage.

At the same time, the budget doles out massive irresponsible tax breaks to millionaires, oil companies, and corporations that ship U.S. jobs overseas, all while raising taxes on middle-class families.

This is it, America. Do you want a Romney-Ryan government that lets Wall Street banks off the hook for their destructive behavior, decimates middle-class priorities like Medicare and education, and rewards corporations that outsource our jobs?

[This is what is at stake. Romney-Ryan may be the dream ticket for the Tea Party radicals and Wall Street, but it's the worst nightmare of the middle-class, seniors, students and veterans. Stand with us.](#)

Thanks,

Jeremy
