America’s Infrastructure Must Be American-Made

INGENUITY IS AMERICA’S MOST VALUABLE RESOURCE. INNOVATION MATTERS.

Thank you for all you do

Our strong patent system has kept America the leader in innovation for over 200 years. Efforts to weaken the system will undermine our inventors who rely on patents to protect their intellectual property and fund their research and development. Weaker patents means fewer ideas brought to market, fewer jobs and a weaker economy. We can’t maintain our global competitive edge by detouring American innovation.
