Title: [REDACTED] US Department of State employees aware of FBI relationship with STEELE.

Re: [REDACTED], 11/16/2016

STEELE. The first string of emails documents that USDOS employees were not only aware of the FBI's relationship with STEELE, the name of the Special Agent handler [REDACTED], the CHS' company name, but also knew of the CROSSFIRE HURRICANE team's planned travel [REDACTED] on October 3 to meet with STEELE. In addition, it also appears an unnamed USDOS employee may have been [REDACTED] and met with STEELE, who is a friend or an acquaintance and took notes during the STEELE meeting. The notes were not provided to the FBI as the USDOS employee believes STEELE already passed the FBI this information.

The second string documents that following the FBI's meeting with STEELE on October 3, 2016, Kathy Kavalec, Deputy Assistant Secretary, Bureau of European Affairs, acting on behalf of Victoria "Toria" Nuland, the Assistant Secretary of State for the Bureau of European Affairs, requested an update from [REDACTED] Section Chief Steve Laycock regarding the FBI's meeting with STEELE.

Hi [REDACTED],
Below is what I was able to find in my emails.

Additionally, I remember that Pete or [REDACTED] had an idea of who the DOS employee was that met with the Orbis employee so I ran that person's name by Kathy and she all but confirmed that it was the same person who had provided his hand written notes to Nuland. I don't remember ever getting these notes from Nuland or Kathy.

Thanks

Hi,
Just spoke with Kathy Kavalec (Russia DAS, reports directly to Toria) and reiterated the urgency of getting this report. She is going to ask Toria again and relay the urgency.

Kathy provided some background on the report, which are actually notes taken by a DOS employee. It sounds like the employee may have been [REDACTED] and met with the Orbis Security source who is a friend or an acquaintance. The DOS employee wrote notes during their meeting and came back to State and gave a copy to Toria. The DOS employee did not feel comfortable sharing these notes with the FBI (potentially just because they didn't feel they should be used for

anything official) and said that it sounded like the Orbis source had already provided the info to the FBI. The DOS employee also knew that the FBI was flying [REDACTED] to meet with the Orbis source next week.

Toria has the notes, I haven't seen them and wasn't told about the content. Toria, as of yesterday, didn't feel comfortable passing them to us based on the request from the DOS employee that they not be shared. I'm guessing Toria will readdress with the DOS employee after my meeting with Kathy so I'll let you know what I hear back.

Thanks

I don't really have the details on the report or where it came from because I wasn't in the discussions between Steve/Toria/Kathy, but when I went up to Kathy's office last night to get the report she said she did not know if they could get it cleared but that they would try to give us the POC who could get us the report or information.

The email she sent below is that follow up. I can certainly follow up with Kathy to see about the report, if needed.

Hi Steve,

Thanks for coming over today. Regarding the issue we discussed at the end of our meeting, Toria inquired and was told the source of the information, from Orbis Security, is planning to meet on Monday, October 3, with [REDACTED], who she was told is your [REDACTED]. This source also said some folks from FBI are flying out [REDACTED] to meet him. Apparently the source and [REDACTED] know each other from New York.

I hope that is helpful in putting the pieces together!

Best, Kathy

I agree with [REDACTED]. "We had a collegial meeting. Given our investigative responsibilities, we don't feel appropriate to get into the substance of the conversation." If she still pushes, he can just say he needs to take it back to HQ, let me know, and we'll figure out how to address.

Steve,

I'd be interested in [REDACTED]'s response to you. From Friday's meeting with [REDACTED] and [REDACTED] we came to the conclusion that first and foremost the source's security is most important and we should never disclose our relationship regardless of if the CHS disclosed the relationship. As you know, the CH Team and [REDACTED] fully admonished the CHS that we have a confidential relationship so we shouldn't have any more loose lips. The idea from Friday's meeting was to have [REDACTED]

remain engaged with Kathleen and Toria as a sounding board in a non-committal way as he would hear if the CHS wasn't keeping up his end of the confidential relationship bargain.

I also don't know how its State's business or how they think it appropriate to ask about a potential FBI source meet on such a politically charged subject. That is sending flags up.

I think [REDACTED] will have the best approach and idea on how to give a non-committal answer. Obviously she knows we had a team travel [REDACTED] and the source's admission, but I don't think we owe her any type of read-out and a political appointee should know better than to ask about a potential investigation of a political rival. I think we leave it at -- a meeting occurred, the FBI collected information. I defer to [REDACTED] for his sense on how to handle the situation.

Regards,

Source Reporting:

The attached document is a memo from the CHS describing intelligence that CHS received from Jon WINER, US Department of State on October 18, 2016. CHS has stated that CHS has a business association with WINER. The memo describes how WINER obtained the intelligence and that it is apparently from a FSB sub-source. The information describes the FSB efforts at successfully compromising Donald TRUMP.

Company Note

We received this report from Jon WINER, US State Department on 18 October 2016. It is the second in this series we have seen. We consider it potentially significant and apologise in advance for its rough format. The sub-source, as we understand it, is a Turkish businessman with strong Russian, including FSB links. He is in touch with Cody SHEARER, a contact of Sydney BLUMENTHAL, a friend of the CLINTONS, who passed it to WINER. We have no means of verifying the source/s or information but note that some of the reporting is remarkably similar to our own, albeit from a completely different sourcing chain, and therefore could be important collateral, especially on the reported Ritz Carlton incident in 2013; TRUMP's compromise by the FSB (and knowledge of it); and subsequent Kremlin funding of the TRUMP campaign (through the AGALAROVs). We judge that WINER at least would be happy to discuss all this further with you.
